Need to take the ACT? Register at [www.act.org](http://www.act.org). Please remember that you must bring your testing ticket and ID in order to take the test. Student IDs are accepted. Calculators are not provided.

Pursuing your career after high school is a BIG decision so starting earlier is a great idea.

- Take the ACT early and often. If 11th or 12th grade students are on free or reduced lunch up to two (2) fee waivers may be available to take the ACT.
- Ask for feedback on what you missed on ACT so you can improve. Many scholarships are dependent on this exam.
- Take AP classes – the rigor helps to prepare you.
- Do well in math since college algebra is one of the classes that stump students.

We have many programs to help students connect and feel a part of a smaller community.

The article below explains the program.

Each year, Ozarks Electric Cooperative sends two area high school juniors to visit Washington, D.C. at no charge to the student. This program, called Youth Tour, is sponsored by electric cooperatives all over the nation. Youth Tour was created to allow students the opportunity to visit our nation's capital and see firsthand how our government works.

The selection process for Youth Tour 2020 is currently underway. Interested students will choose one of the two projects listed in the Youth Tour guidelines. Winners will be selected based on their project and interview. This year's Youth Tour will be held June 19-25. The application deadline is February 1. Scroll
