

The Parent/Guardian Association connects Bishop Blanchet families, supporting the school community by assisting with school activities, hosting speaker events and fostering parent/guardian relationships. Just as students benefit from getting involved, parents and guardians also find value in engaging and connecting during these years. Our community includes parents, students, teachers, staff, and alumni, and your participation is key. All parents and guardians are automatically members and encouraged to take part in Association activities.

Please refer to the events listed below in which the Parent/Guardian Association participates. Although some of these events are not directly sponsored by the PGA, many still require our volunteer support.

Hosted Information Tables	8/26/2025 10/15/2025	Parent/Guardian Welcome Open House
