Privacy Policy

Overview:

This Privacy Policy describes how and when collects, uses, and shares your information when you use our product. We use your personal information only for providing and improving application features and better services.
Why this is important.
We hope you will take time to read it carefully.

Personal Information:

We DO NOT collect, store or use any personal information while you install or upgrade our products.
We may use personal information submitted by you only for the following purposes: help us to develop, deliver, and improve our products and services and supply higher quality service.
In the following circumstances, we may disclose your personal information according to your wish or regulations by law:

  (1) Your prior permission;
  (2) By the applicable law within or outside your country of residence, legal process, litigation   requests;
  (3) By requests from public and governmental authorities
  (4) To protect our legal rights and interests.

Non- Personal Information:

We may collect and use non-personal information in the following circumstances. To have a better understanding in user's behavior, solve problems in products and services, improve our products, services and advertising, we may collect non-personal information such as installed application name and package name, the data of install, frequency of use, country, equipment and channel.
If non-personal information is combined with personal information, we treat the combined information as personal information for the purposes of this Privacy Policy.

Information we get from your use of our services:

- Device information - Device-specific information such as your hardware model and operating system version.
- Unique application numbers - Certain services include a unique application number. This number and information about your installation (for example, the operating system type and application version number)
- Anonymous identifiers - we use anonymous identifiers when you interact with services such as advertising services and others.

Location information:

When you use a location-enabled service, we may collect and process information about your actual location, like GPS signals sent by a mobile device. We may also use various technologies to determine location, such as sensor data from your device that may, for example, provide information on nearby Wi-Fi access points and cell towers to provide you accurate location and for application quality purpose.

Security:

We do not collect Personal Information, and we employ administrative, physical and electronic measures designed to protect your Non-Personal Information from unauthorized access and use. Please be aware that no security measures that we take to protect your information is absolutely guaranteed to avoid unauthorized access or use of your Non-Personal Information which is impenetrable.

Privacy Policy Changes:

In Our Privacy Policy may change from time to time, we will post any privacy policy changes on this page, so please review it periodically.

Advertisement in Application:
