

State of Palestine Directorate Of Education 15 th Feb, 2015 Name:.....		Khadija Bent Khuiled Girls School (English test (1 (7th grade (A
---	--	--

1- Listen and complete the sentences.

(4points)

- 1- In the next _____, people _____ on the moon.
- 2- In the next _____, there will be a _____ in every _____.
- 3-Our lives will be _____.

Technology has changed how we live. Today large thin TVs hang on walls. Computers sit on desks at home, school and work and in many other places. In cars, a box can speak to the driver to tell him where to go. We can use our mobile phones to listen to music, take photos, watch TV or films, use the Internet and to send text messages to each other – oh, yes, and talk to people! So what about the future? How will technology change the life of children?

- One thing we can be sure about – there will be many more computers. Schools use computers now but in the next decades they will use them more and more. Some people say all children will have one on their desk. Or perhaps they will take a small laptop with them all day.
- And what about next century? Some scientists say there will be no schools. Children will stay at home and have their lessons on computers. Teachers will not teach – they will only program the computers.

1-Are the sentences true or false?

(2points)

- 1 Next decades , we will use more and more computers. ()
- 2 Today , schools do not use computers. ()

2-Read and answer the questions.
