As many of you already know, my mom suffers from young dementia, meanwhile 13 years old.

I became a health coach because I want to give every mom / dad the chance to enjoy his / her grandchildren and never have to face a serious illness.

And if I can contribute even more to that by supporting the research into prevention and cure of Alzheimer's within Belgium, this has much more value to me than any gift.

All experienced Parents, Uncles and Aunties I need Advice!!!

Zoya is 11 months and now she is able to walk holding hand but I really want her to walk properly before her first birthday which is about 2 weeks away.

How long does it normally take for kids to walk from holding hand to walking independently?

Also any tips will be helpful 😊😊🙏🙏

My little Angel turns 1 year old and Daddy is over the moon 😊😊😊

And nope she still doesn't walk by herself but I know eventually she will in her own time. As long as she loves Daddy I am happy 😊

Thank you **Jessica Prime** for this amazing opportunity.

At that time my daughter wrote the book I was going through a divorce and I couldn't even touch this book. I hated the word Family at that time and my daughter used to tell me why are you not as excited about Zakiyya's Kindness book.

But after healing I realise that why shouldn't I celebrate my daughters writing over what his dad did ❤️🥰

So much love for giving my daughter's this lovely opportunity. xxxx
