CALHOUN INTERMEDIATE SCHOOL DISTRICT
An Educational Service Agency

Illuminate DnA
SGP Multi-Year Rating Report

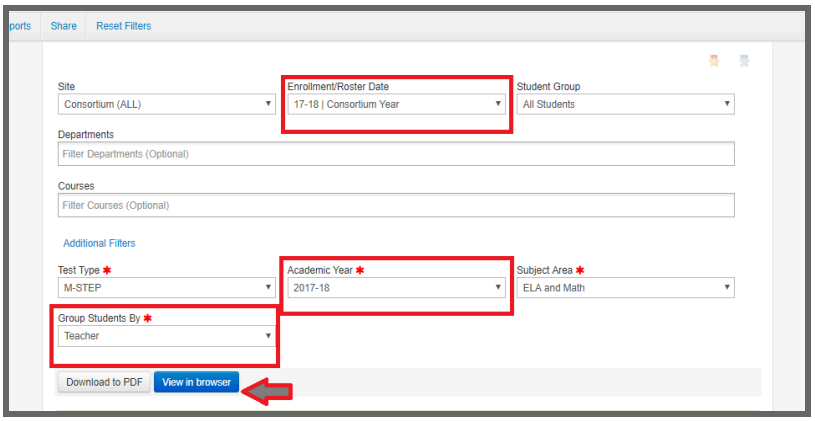
What is it?

This report is designed with input from MDE to provide a tool similar to that of Brian Lloyd's Excel teacher tool for M-STEP Student Growth Percentiles and Evaluator Rankings. The Multi-Year Rating Report is based on MDE's recommendations, and provides a tool to support data collection.

Where do I find it?

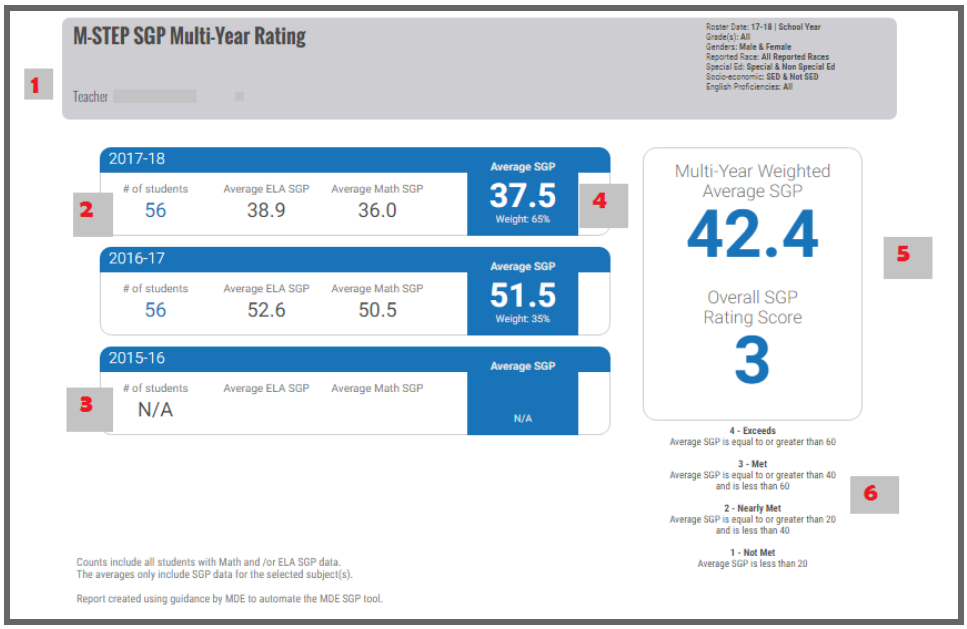
Log in to Illuminate DnA, and go to View Reports. Then type "SGP" in the search box to access the report.

How do I run it?



1. Select your site or full district preference
2. Set the Enrollment/Roster Date to the most recent test year.
3. Set the Academic Year to MATCH the Enrollment Year Selected
4. *New!* Select M-STEP, NWEA, PSAT 8
5. Set Grouping Options:
   Comprehensive: full site/district
   By Teacher: will aggregate by roster
6. View in Browser to see your report. (Any time you make changes, click this again)

What do I see when I run it?



1. Teacher/District Name
2. Number of Students included. Click this number to see the students' names with their individual SGPs
3. You will see a N/A for years where there is not data or the teacher did not teach in an M-STEP grade, or was not in your district.
4. Average SGP and weight
5. Weighted Average and Overall Score
6. MDE's recommendations for benchmarks. These cannot be adjusted in the report, but are ultimately the district's decision.
