

Susquenita Mountain Bike Team Sponsorship Form

Join us! Ride along as kids and parents from across our district fall in love with a sport where we build confidence, skills, and fitness, explore Pennsylvania's great outdoors, and engage in community service by working on the trails in our backyards! The team, a coed squad made up of students in grades 6-12 from the Susquenita school district, rides and races mountain bikes with the Pennsylvania Interscholastic Cycling League all across the state.

We love giving back to our communities here in the 'Nita district too. Last year our team donated over 250 hours of maintenance to local trails! (That is a value of over \$8,000 to our community.) And we have plans to give back much more as the team grows - you can help make that happen through your support. Visit our website susquentiamtb.org to learn more.

We hope that you will make it possible for us to do even more - see below for ideas on how to join in and if you have other ideas, we're happy to hear them. Let's roll!

Be our hero as a Super Sponsor!! 2 available \$1500	Be the hero for our kids and community that helps this team fly as one of the Super Sponsors of our team. You'll change lives as your support gets more 'Nita kids on bikes. You'll grow the team that gives back to the community as the kids build confidence, skills, fitness, and make our local trails better for everyone to enjoy. You will make it possible for us to do things like purchase team jerseys for the season and you'll help to put a smile on every kid's face every time they suit up, by supporting us at this level. Besides the amazing impacts you create, we give you premier placement on our team banner, website, social media, team fundraising materials, season T-shirt, and on team equipment, rider jerseys, and coach wear including 2.5'x2.5' banner placement. Additionally, due to our partnership with the International Intergalactic Global Open Team Relay, (a long standing event in the mid-Atlantic regional adult racing series, held in Marysville, with 300-500 attendees), you are provided recognition and placement as a presenting sponsor of the event and team supporter through the marketing of this event throughout the region.
Platinum Partners 5 available - \$750	A great team is an amazing experience for a kid. Team activities instill values of teamwork, build camaraderie, get kids out in the great outdoors, and are just a lot of fun. You offset a weekend of costs to travel, camp out, and attend a weekend of activities by joining the ride at this level of support. Besides the complimentary sponsor photo poster from our riders and the second most prominent positioning across all team materials (2'x2' banner position), our partner, the long-running mid-Atlantic regional event, the International Intergalactic Global Open Team Relay, will provide you further recognition and placement through the event marketing.
Golden Goodness - \$500	Give kids in our community a season of participation in the league and support the costs that make participation possible. With each \$500 donation, you provide an amount that our team can use to support the travel, lodging, and participation in a season of activities for a student-athlete in our community. Includes tertiary placement and logo size on team sponsor banner (1.5'x1.5'), website, and team social media, and supporting partnership logo placement and recognition on our fundraising

	materials and season T. Our riders would love to also provide you with a team thank you photo for your business.
Silver Supporter - \$250	The best teams have the best trained coaches, coaches who understand that coaching is really about developing the individual as a person while helping them improve their skills and fitness. We take our responsibilities seriously and are proud to send our coaches through best-in-class training. You can make sure that our kids get all that they deserve by supporting this training. A \$250 contribution is equivalent to sending two coaches through specialized first aid classes, five through on-the-bike skills coach training, or allowing two additional coaches to attend the annual statewide league coaching conference. \$250 is also the amount that offsets a league membership for a student-athlete for the season. This level of support can make a huge impact. Recognition of your support is provided through placement on the team banner and materials.
Bronze Buddy \$100	Love what we are doing and want to do all that you can right now to help us out? Any amount that you provide helps to change lives in our community by supporting the efforts we are making to instill values of physical fitness by getting more kids on bikes and giving back to our community health and wellness through trails. When you support us with \$100 your contribution will go to costs like those that make practices safer and offsets costs for items like helmets for riders or first aid equipment and radios that are vital to practice activities and give our student athletes the best and safest experiences possible. Recognition includes placement on the team banner and inclusion in team related social media. Our team riders will gladly provide you with a season poster in thanks of your support!

Susquenita MTB is supported by the Hawkrock Cycling Association (HCA) which is a qualified 501(c)3 organization eligible to receive tax-deductible charitable contributions (www.irs.gov/charities). Our tax id # is 92-3520317. Contributions \$500 and greater will receive a receipt for their donation; otherwise, your check will serve as a receipt. Donations of any amount are welcome!
