

Elevating Early Childhood

A Bright Future for All Colorado's Children and Families

Early Childhood System Strategic Plan 2024

Reflection and Action Planning for Families

Advancing the Goals, Objectives, and Strategies

1. What top 3 goals and objectives resonate most for me, organizations/programs I am connected to for services, and/or my community?
2. What strategies are we already contributing to?
3. What additional strategies could we implement or contribute to?
4. How can we support continuing, deepening or expanding our implementation of these strategies?
 - a. What are new or better ways programs, organizations, or systems leaders could partner with families to support implementation?
 - b. What are our key next steps?

Measuring Success

5. How do the Success Indicators help you to understand and envision success in implementing strategies, outcomes, and the impact of Colorado's Early Childhood Strategic Plan?
6. What information could we collect about the effectiveness of implementation efforts and the strategic plan?
 - a. How should information be shared to increase understanding of the collective efforts on these issues and to learn together from the successes and challenges?
 - b. How should families be involved in the processes to measure success?

Next Steps, Challenges, and Supports

7. What is one key next step for us to take?
8. What barriers might prevent me or other families from contributing to the strategic plan?
9. What supports could help us overcome those barriers?
