

Vainamoinen's Tears

(from "Gods, Demigods, and Heroes")

When and if Vainamoinen's avatar cries, he spills 2d10 tears that turn into 5,000 gp value blue pearls. You will not find them just lying around Lapland though, for he collects these "gems."

(DM Superelf Note: These are just standard gems, but I would allow a 1% chance that he shows up in the near future to collect them.)
