ORIGINALITY STATEMENT

We, the undersigned authors, certify that we are the creators of the work entitled **[Title of the Article]**, submitted for possible publication in the journal TheSci with ISSN number: In process.

This document is an original and unpublished manuscript resulting from our direct contributions. Likewise, we declare that this work is not currently under consideration for publication in any other venue.

Furthermore, we confirm that all published references have been properly cited in the bibliography and, where necessary, the appropriate permissions have been obtained from the holders of proprietary rights.

The authors accept and understand that the journal applies a peer review process in accordance with its editorial guidelines, and we also acknowledge that the decision issued by the journal is final and binding.

We declare that the materials presented are free from third-party copyright restrictions, and we assume full responsibility for any litigation or claims related to intellectual property rights, thereby releasing the journal TheSci from any liability.

We sign this transfer of publication rights for the above-mentioned article.

NAMES AND SIGNATURES

1. All authors listed in the article must provide their full name and signature.
2. The names registered in this document will be used exactly as written on certificates, respecting accents and spelling.
3. The names must match those provided in the article.
4. Place your academic degree initials before your full name and surname.
5. Signatures must be in blue ink.
6. Attach a valid official ID (INE).
