- December 22 through January 3rd No school for winter break. School resumes on Monday January 6

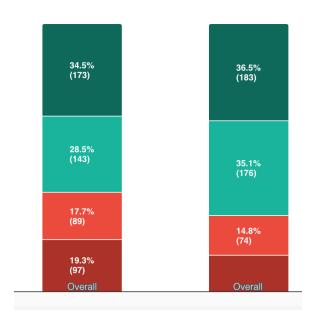

Very Respectfully,

Brian Frost, Principal Mary Fay Pendleton

Keeping an eye on our site goals:

Mary Fay has an annual goal of increasing student performance on the state assessment. We track the percentage of students achieving at or above standard in reading and math based on the end of year assessment. To track our progress we use the STAR Reading and the STAR Math assessment at the beginning of the year, again in winter, and finally in Spring. Our students are showing solid growth between the beginning of the year and Trimester 1.

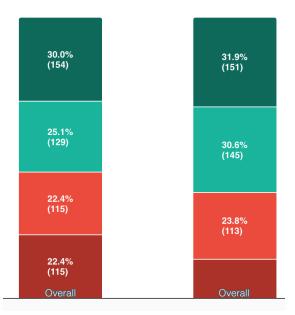

ELA 2024 August to November

This bar chart shows growth from the lower two levels (Standard not Met and Standard Nearly Met) into the green bars which reflect the upper two levels (Standard Met and Standard Exceeded) at and above standard. This is the exact movement we want to see; red shrinking and green growing.

Lowest area is at 13.6%

Beginning of 2024

End of Trimester 1

Math 2024 August to November

This bar chart shows growth from the lower two levels (Standard not Met and Standard Nearly Met) into the green bars which reflect the upper two levels (Standard Met and Standard Exceeded) at and above standard. This is the exact movement we want to see; red shrinking and green growing.

Lowest area is at 13.7%
