

Special places of Malaysia

Task: Using the tools on google maps together with what you can find out, make an interactive map that highlights the region's characteristics.

Can you?

- ☐ Locate your selected region on a world map
- ☐ Identify major cities or towns within the region
- ☐ Describe the general climate
- ☐ Identify various landforms and bodies of water
- ☐ Identify societal characteristics of the majority of the people living there
- ☐ Use a variety of maps to learn about and make inferences about the people in a region

REGIONS CAN BE DEFINED IN MANY DIFFERENT WAYS

- ➔ What physical and societal characteristics make up a region?
- ➔ How do these features influence the way people live?
