Monee Elementary Tier 2/3 PBIS Data: 2025-2026

PBIS is a framework to support our students' social-emotional learning. This framework establishes systems to support all students and uses our data to guide our practices. Each month our PBIS teams meet to review our data, which guides our decisions regarding student needs as well as provides us with a system 'check up.' Research indicates that each intervention should yield a positive response from 70% of participating students. When this threshold is not reached, the teams review our systems and practices to improve fidelity of our interventions. Below is a summary of our data for this school year.

	Tier 2 PBIS Interventions						Tier 3 PBIS Interventions	
Month	Check In/Check Out (CICO/PRIDE)		Social/Emotional/ Behavior Skills Groups		CICO with Individual Features OR CICO+Skills Group		Individual Behavior Intervention Plan (BIP)	
SEP	0	N/A	0	N/A	0	N/A	16	100%
ОСТ	5	60%	1	TBD	3	33%	17	88%
