

## Personality Subtypes?

So you may have read the companion guide and came across this:

It doesn't elaborate beyond that, but we have found information that suggests these subtypes exist.

It's called *NpcTalkType*

## What does it do?

As far as we know currently, the only thing *NpcTalkType* affects is whether the villager dialogue chooses between

*Xx\_FreeA\_AlwaysA* and *Xx\_FreeA\_AlwaysB*

*NpcTalkType* 0 = A

*NpcTalkType* 1 = B

This dialogue consists of mostly stories the villager can tell you and accounts for a very small portion of their total dialogue. This dialogue can only appear when you have high friendship (150+) with the villager.

However, there are some other correlations that are worth mentioning...

## What do villagers of the same subtype have in common?

One thing that many villagers of the same subtype have in common are *hobbies*.

## **What is the unique dialogue each subtype has?**

Because how time consuming it is to manually transcribe all of the text...

I am going to refer you to this website to view the dialogue:

<https://googleben.github.io/ACNHDialog/>

To access the subtype dialogue, follow these steps:

1. Click on *TalkNNpc*
2. Click on one of the following subcategories to choose a personality
