

Student Home Use Chromebook Guidelines

Chromebook Care and Maintenance

Students are responsible for the general care of their Chromebook. The Chromebooks are designed for school use and should be treated with care. Here are a few recommended precautions:

- Treat your Chromebook as you would any valuable electronic device.
- When not being used, store the Chromebooks in a secure place, out of sight.
- Be gentle with the screen, keyboard, trackpad, and ports.
- Don't add stickers or markings to the Chromebook.
- Don't eat or drink near the Chromebook.
- Avoid extreme heat or cold.
- Do not take your Chromebook apart or make changes to the hardware or system software.
- Report any damage to your teacher or school media center immediately.

Technology Responsible Use

Digital citizenship is an essential skill. During the school year, your teachers and library media specialist will be reviewing appropriate online behavior and acceptable use of resources. It's important to maintain a family dialogue about educational, recreational and social use of the Chromebook and other devices your student accesses. Chromebooks are connected to a network that is filtered for inappropriate material, but user responsibility is still the best way to avoid pitfalls in the online world. Remember Chromebook use is monitored.

Here are a few tips:

- Use Internet devices in a central location at home, rather than behind closed doors.
- Help your student to focus on completing tasks and assignments before any recreational activities.
- Help your student solve technical glitches by recording exactly what went wrong and when.
- Ensure that your child understands that he or she should not give personal information to any person or any website without checking with an adult first.
- Talk with your student about cyberbullying--encouraging him/her to be kind and to communicate clearly online.
- Advise your child that anything they post, text, or upload may be forwarded, copied, and published to anyone--including future education admissions offices and employers.
- Only registered users in ISD 728 will be able to login to the Chromebook, and all usage can be monitored.
