NHS Principal Update 5/25/2023

Message From Our Principal:

We are experimenting with an easy way to get information out to parents. In many cases we will text you a short link that brings you to our NHS Update for more information. This page will include a weekly calendar, athletic events, reminders, and hopefully some cool pictures highlighting our accomplishments as a school. I hope this is useful and welcome your feedback.

Today we end another school year and start planning for next year with the goal of making it our best. We are so very proud of our staff and students and all that was accomplished. It was an amazing year of huge academic and personal growth for our students. We thank you for your efforts and continued support!

As we celebrate the Class of 2023, we are reminded that it truly takes a village to raise a child and that everyone in our community has touched their lives in some way. Thank you for loving and supporting our youth.

Mr. Jackman
