

Congratulations!

You are now old enough and have proven yourself responsible enough to be the owner of a Chromebook. But acceptance of this Chromebook comes with certain responsibilities. The goal of this agreement is to help you become a well rounded person who can coexist with technology, not be ruled by it.

1. My parents will always know the password on my Chromebook. I understand that they have the right to look at my Chromebook any time they ask.
3. At the end of the day the Chromebook stays in the main living area.
4. I will not send or receive naked photos. Only search the web for information you would openly share with anyone.
5. I understand that my behavior on my Chromebook can affect my future reputation... job, college, etc.
6. I promise I will alert my parents when I receive suspicious or alarming messages or images from people I don't know. I will also alert my parents if I am being harassed by someone via my Chromebook, and I will NEVER respond back to them. I will not communicate with people I don't know.
7. I will make an effort to learn internet etiquette and how to be Cybersmart. I understand this is an extension of normal manners. I will shark the lid while speaking with another human being. I am not a rude person; I will not allow the Chromebook to change that.
9. I understand that I am responsible for knowing where my Chromebook is, and for keeping it in good condition and fully charged before it leaves my house.
10. I understand that the Chromebook can be taken away at anytime, based on these rules and my behavior.
11. I understand that this is NOT my Chromebook. It was paid for by my parents and having this Chromebook is not a right, it is a privilege that can be taken away. As such, I have read the following document and agree to the above terms.
12. I will not use social media (Facebook, Instagram, etc) without my parents permission and understand at times they may wish to view my account.
13. I understand that my parents deeply love me & want the best for me.
