Portland, Atlantic. - Scribba bested Adith in the Republican stronghold of Atlantic. With state elections on the horizon, Scribba is hoping to use his star power in the state to keep Atlantic trending blue. As of the last Presidential election, the state is 1.5+ Dem.

Below is a transcript of the rally held in Portland, Atlantic by Scribba and Daco. Scribba spoke first.

“I sure do enjoy being in the great state of Atlantic! As many of you know, I have some Atlantic in my blood! My father was born and raised in the city of New York, New York! You can’t imagine how great it felt to win this beautiful state despite the Republican misinformation machine firing on all cylinders. You saw it being victorious in Dixie, Fremont and Greater Appalachia. I am working hard each and every day to combat this machine. That’s why I’m here again today. I wanted to speak to you personally about what's at stake in the next election."

"You might not have noticed it, but President Adith is on a warpath. No, not just in Mexico, but, importantly, his actions work against millions of women in the United States of America. Let me be clear. Adith is not an ally to women. Adith doesn't respect your constitutional right to an abortion. He would unilaterally try to restrict millions of Americans with the stroke of a pen.

Beyond this, Adith introduced legislation in the state assembly to codify his viewpoint.

Atlantic, your rights are under attack. The Republican Party has lost touch with you. They believe that you don't own the rights to your own body. Well, maybe not all of them. I will again commend the brave Republican legislators for striking down the constitutional amendment. But abortion isn't the only thing at stake this election cycle. You have the opportunity to break away from the stagnant Republican Party, the party that takes your votes for granted, and make real change.

I have spoken with Democratic leaders in this state. I have spoken to your community leaders, your mayors. They all tell me the same thing. The state is crumbling. Roads aren't being fixed, bridges are on the verge of collapse. When it rains, streets are flooded for days. This isn't the Atlantic as it should be. Under Republican leadership, the state‘s infrastructure has fallen to decay.

That is why I am proud to announce that my office will be partnering with candidates for the assembly to bring forth legislation that will rebuild Atlantic from the ground up. We will make funds for new bridges, new roads, and to ensure that the quality of infrastructure is on par with the rest of the nation. The government is supposed to

provide for and take care of you in your times of need. The government is supposed to work in unison with your goals, not against it. And that is what I aim to make happen.

Atlantic, You came out in droves to support me and my vision for change in America. Come out again to support change in your state. Thank you."

"The next speaker needs no introduction, so without further ado... She's here, live, and in the flesh. DACO!!!"

***Daco**: "I'm glad to be here. It's a good day in the Atlantic, the best day. One of the best days I've ever seen, anywhere in the country. Yet the people of this state are suffering. Folks, you see it, and you think what could be better.*

The fact is, the Atlantic government could be better. You see them, the no-good Republicans, and you think no-good, because that's what they are. Ask anyone, they'll tell you I call the Republicans the Republicants, the GQP, so many names for them. When people ask why I refer to the Republicants as I do, it's so easy to explain. They are incapable of doing nothing. Pac wrote an op-ed calling for a ban on abortion, without knowing his President already submitted a bill to do that about 7 months earlier. Republicants also can't do anything. Not properly, at least; quite frankly it doesn't shock me anymore.

They couldn't even pass that bill either. 6-0 failure folks, not a single person, not even a GQPher voted for it. This is extremely pathetic. I could safely run knowing the GQP won't be able to put their disastrous, anti-American policy in place. They just can't do it folks; complete incapability. Can't do this, can't do that, I'm surprised they can do anything at all from day to day.

I could safely not run, but why should I do that when I could run, quash any chance of these Republicants becoming Republicans. I will put pro-American policies in place, folks. I won't do any of that constitutional violating, no-good, anti-American policy. You see it, and you ask who's letting these Republicants get away with even attempting it.

That is why I will run. I will run for AC-1. I'm coming for these swamp makers. I want all AC Republicans to know, I see you. I am coming for you. The GQP may have cheated, lied and tricked millions, but they'll learn that the American people will only be tricked once. Fool me once, shame on you, fool me twice, shame on me. You see these tricksters, these cheats. They're like telemarketers, they scam and they lie. No-good people. What do you think Scribba?"

***Scribba**: "They're worse than telemarketers. They're leeches sucking at the very fabric of our nation. President Adith has been lying to this nation. Nothing he has done has been honorable. Him, his Vice President, the current speaker. They're all bad apples that are spoiling the American pie. Thank you all for your time!"*
