Parent Association Report

Friday, May 10, 2024

9:00 a.m. - 3:00 p.m.

NCSSM Durham

NCSSM parents have volunteered 667 hours at eighteen different events, with an additional 225 volunteer hours projected through the end of the year.

In the spring 2024 semester, parent volunteers have proctored Admissions Math Assessments, mentored students at the annual Hackathon, greeted new families and provided information at Welcome Days for newly-admitted Durham, Morganton and Online students, planned and executed Employee Appreciation Luncheons on both campuses, decorated, chaperoned and provided food for two proms and hosted regional parent gatherings in Winston-Salem, Canton, Nebo and Charlotte.

We look forward to wrapping up the year by supporting students with food and encouragement at Exam Study Breaks on the Durham and Morganton campuses May 17th and 20th, and celebrating our graduates with volunteer support at the commencement and Online recognition ceremonies over Memorial Day weekend.

In June, the 2024-25 Parent Association Executive Committee will begin their terms with our first Parent Association meeting to welcome the class of 2026 on June 25th. The Parent Association will also support the External Relations Department with information sessions for incoming families, held at UNC System campuses throughout North Carolina during the summer months.

It has been a pleasure and an honor to serve as Parent Association Chair this year, and I look forward to watching my youngest child cross the stage as part of the inaugural class of NCSSM-Morganton in just a few weeks.

Emily Martine '88,
NCSSM Parent Association Chair
