

Merry Christmas!

The world is in need of "KISSES" the whole year through.
So here's a little sampler with notes on what you can do.

The spirit of Christmas is **MINT** to be shared throughout the year.
CHERRY CORDIAL means this year to be more cheery and cordial to all you meet.
RED, **GOLD**, & **GREEN** are the colors the season rings, which stands for
Compassion, Joy, and Charity which we should give no matter what life brings.
Purple is a special color of royalty to remind us to make everyone feel special as we
are all Children of God.
Just as the world need s kisses, make sure to share "HUGS" too.
And in this season, remember in your heart and in your mind, of what the Savior did
for you and for "**Almond**" kind too!
