

Your Character Here Commissions Guidelines

Hello all,

If you are reading this then you are interested in (YCH) commissioning me to draw for you. I'm also sure you are wondering how this will go. Worry not. This guide will hopefully explain the **WHOLE** process and put your mind at ease.

Step 1: Signing up to the pose posted.

I will post a blank pose up that I am more than willing to customise according to the boundaries I have listed. If you want anything else, I will insist on a \$5 upcharge. **NO EXCEPTIONS! These are first come first serve. If you miss the drawing, you simply will have to wait for another pose.**

Step 2: E mail / note me via DeviantArt

The best way to get things rolling is by e mail. When you do email / note me, I will need a **FULL** explanation of the picture you want. (my motto: You DREAM it, I DRAW it! isn't just talk) Think of it as you ordering a pizza. I want to know what you want on your pic. And for all you guys ordering hentai and NSFW material that goes for you too. (If I were a prude, I wouldn't offer the service)

Give me as much detail as you can so I can give you the BEST pic possible.

My business e mail is studiodragoon@gmail.com

Step 2: Approval and payment

Once you send me your description I go to work on the initial sketch. Depending on you, I may have to revise. Pass that, I work on a half payment upon sketch approval. The other half is due upon completion. I have several methods on how you can pay: money order, Square cash (<https://cash.me>), or Paypal is fine by me.

My Paypal e mail add. is : turner1977@live.com My cashapp is: \$studiodragoon

If paying with cryptocurrencies, we will discuss how this will transact between wallets.

Note: The entire process may take up to two (2) weeks to complete. This is NOT an exact time frame. If you wish to inquire about your commission, that's not a problem. However, if you e mail me everyday, twice a day, pester me, I **WILL** stop all work on your commission, and return you your money. This is my line of work and I will not be disrespected in ANY form. Please keep in mind that I have a day job, I'm a husband, and I'm (more importantly) a DAD! Life happens.

Step 3: Completion, files, and other info

Once your commission is complete, I will e mail you promptly and send the file in a **ZIP** or **RAR**. (which ever you prefer) You will also receive a hard copy at your request. I will require your physical address If this is a problem, don't request a hard copy (It's that simple). All my commissions come complete with wallpaper for one (1) device of your choice. Smart phone, desktop, tablet, ect.

Draw Do's and Don'ts: So there's no confusion on what I'm willing to draw here's my list what I will and will not draw.
