

Virginia Community College Guaranteed Admissions Agreement Suggested Curriculum Guide - Public Health Major

In 2007, Lynchburg College (LC) and the Virginia Community College System (VCCS) signed a guaranteed admission agreement. Under the agreement, students with a qualifying degree program with a grade point average of 2.0 or higher are eligible for a guaranteed transfer of up to 76 credit hours. Such degrees will fulfill the University of Lynchburg's general education requirement except for two sequential 3-credit courses (6-credit total) in a foreign language and a 3-credit DELL 400 course. Below is a plan for completing a degree in Public Health for students eligible for guaranteed admission enrolled full-time at the University of Lynchburg. **To complete the curriculum in two years, students must have completed a Statistics course (MTH 155, 245, 246, or 283) with a grade of C or better before enrolling at the University of Lynchburg.**

Based on course offerings and scheduling, the guide below should be used with the online graduation progress report as a pathway to degree completion. **The bolded courses are offered at Virginia Community Colleges.** If students take these courses as part of their associate's degree, they do not need to retake them at the University of Lynchburg. However, students must take a minimum of 48 credit hours at the University of Lynchburg and have at least 124 credit hours to earn the bachelor's degree.

Students should consult their major advisor for guidance specific to the student's needs and interests and consult the academic regulations in the University of Lynchburg catalog for all academic degree requirements.
