 - <https://www.patreon.com/crashcourse>
- **Historyteacher.net**
 - <http://historyteacher.net>
- **Khan Academy** - Khan Academy offers practice exercises, instructional videos, and a personalized learning dashboard that empower learners to study at their own pace in and outside of the classroom. We tackle math, science, computer programming, history, art history, economics, and more. Our math missions guide learners from kindergarten to calculus using state-of-the-art, adaptive technology that identifies strengths and learning gaps. We've also partnered with institutions like NASA, The Museum of Modern Art, The California Academy of Sciences, and MIT to offer specialized content.

Listing of these materials and programs does not imply any endorsement by the TWU College of Professional Education (COPE) or the TWU TEExES Prep Center. TWU makes no guarantees, stated or implied, about the quality of help you will get nor the effects on your scores. No TWU student is required to use any of these materials or programs. This list is provided as a service to students who might want additional help.

Revised 07/2020

- **Reading 101 (ELAR)** - Reading 101 is a self-paced professional development course for K-3 teachers, developed by Reading Rockets. The program provides teachers with an in-depth knowledge of reading and writing so they are prepared to guide their students into becoming skilled and enthusiastic readers and writers. Reading 101 was produced in collaboration with the Center for Effective Reading Instruction and The International Dyslexia Association.

- Disability Services for Students (DSS) ensures that TWU students with disabilities have equitable access to TWU classes, programs and events. We enhance student learning by promoting self-advocacy and partnering with faculty and staff to create a more accessible environment. We seek to advance representation of TWU students with disabilities and establish disability culture as an essential aspect of diversity, vital to society and the TWU community.
