

Capability Statement

DECIBEL FREIGHT & LOGISTICS
On Time and Accurate

Core Competencies

Decibel Freight & Logistics (DFL) is a freight transportation broker and courier service dedicated to helping businesses grow through dependable, cost-effective delivery solutions. We help businesses streamline their operations by providing dependable scheduled deliveries with a focus on professionalism, and efficiency.

Core Competencies:

- **Freight Transportation Solutions** – Efficient and scalable shipping options for large freight loads. Over 400 CDL Licensed drivers in our network.
- **Courier & Last-Mile Delivery Services** – Fast and secure delivery of time-sensitive documents, medical supplies, and small packages.
- **Reliable Driver Network** – A team of vetted drivers ensuring timely pickups and drop-offs with real-time updates.
- **Business Growth Partner** – Strategic delivery support to help streamline logistics and improve customer satisfaction.

Differentiators

DFL offers access to a wide range of driver support professionals. Our background as military veterans and working at the US Postal Service for over 25 years has better equipped us to understand logistics and working with Government agencies.

Why DFL is different

- Our contracted drivers insurance is automatically updated daily.
- We handle the transportation of your goods so you can focus more on the product and less on the logistics of getting it where it needs to go.
- We have a background working in the Federal Government.

Past Performance

US Postal Service ensured customer satisfaction with delivery of goods.
