Homeschool Instructions

The School Choice application will need approval by the home school principal. Once approved our office will fax or email a copy to the choice school prior to the deadline.

Cooperating principals make a “good standing” determination.

Once the lottery has been completed, the principal of the student’s home school will notify the family of their selection into the choice program.

If a student does not make it into the choice program, the family will be notified in writing and will be given his/her rank from the lottery.

The principal will notify the choice school of the acceptance or rejection of the choice program.

Choice School Instruction

Once the application is received and approved by the choice school Principal, please fax a copy back to the home school for their records.

Assure that your district is able to enroll the student in line with regards to “cap” or agreement.

Request records from the home school Guidance Department.
