

TLS ONLINE DI RESOURCES SCAVENGER HUNT 2019

Getting started:

Go to tlsllc9.com

Find the Online Resources drop down menu

Select the DI Strategy Toolkit

Type in your district's username and password for access to the DI Strategy Toolkit XXXXX, XXXXX

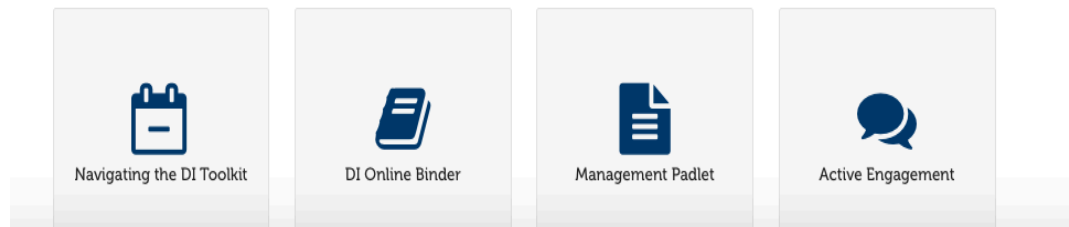

How many DI strategies are available to view? _____

Is this resource for administrators or teachers? _____

Notice that in the middle of the page are numerous buttons and icons. The top three rows of navy blue buttons link you to each of the major DI Strategies. The row of icons link you to additional resources for leading and managing the DI classroom.

More Below...

What strategy would you like to learn more about? _____

Click on this strategy.

Describe 2 key points about this strategy.

- 1.
- 2.

Scroll down to the bottom of the page. What do each of these icons mean?

ICON			
What is it?			
How might this information be helpful to you?			
ICON			
What is it?			
How might this information be helpful to you?			

View one lesson from the lesson library or Talk to Pete Video.

Which one did you select? _____

Click on the Management Procedures & Expectations for this strategy. What stands out to you?

Page through the slide presentation. How might this be helpful to you?

*Want more on Management? Skip to the **Anchor Choice 1** at the end of this document.*

Click on the Danielson Connection to the DI Framework icon. You will see part of the document. Then click on it to open up the whole document.

1. Read the introduction at the top of the first page. How might this document be used by teachers?

2. This document is organized first by the Danielson Domains, and then by the 4 Pillars. Components of each of the Danielson Domains are highlighted as they correlate to the TLS DI Program and identified by which pillar they are part of.
3. Select a Domain that you would like to read more about. Read over the contents of this domain to better understand the crosswalk between the evaluation tool (Danielson Framework) and DI. Which domain did you select and why?

Stay on this page to explore how the back button works. It is located at the top right of the page. (Yours will not say Compacting unless you chose that strategy to review)

Click on the DI Planning Guide icon. When you see the “DI Planning Guide: 4 Pillars & ARE” click on it to open the two page document. Hover your cursor in the black space just above the white document. Notice that a black bar across the top appears where you can download or print this document; the document online is PDF, however, it can be downloaded into a .docx document

1. How are the 4 Pillars correlated to the ARE Framework?

2. Select a pillar to investigate further and read over the content in this pillar.

3. How might this planning guide help you in planning a lesson?

Click the back arrow in your toolbar to navigate back to the strategy page you were exploring.

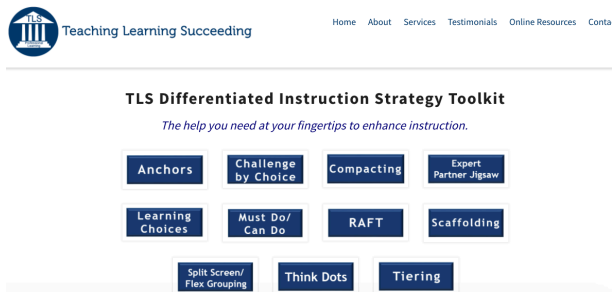

Next, select the back button to get back to the Strategy Overview.

Next, find the following back button and click on it.

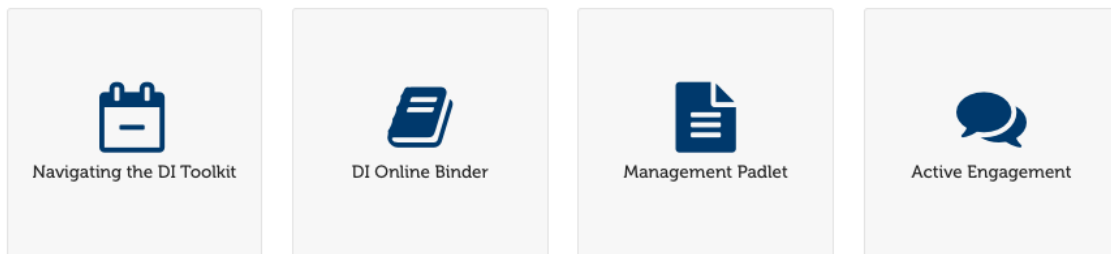

Where are you now?

If you are back to the Toolkit homepage, you are in the right place!

Select one of the icons from the row below the DI strategy buttons to explore. The Online Binder provides examples of effective and differentiated activities that TLS has collected from teachers. The Management Padlet contains management resources for all the strategies, as well as individual accountability. The Active Engagement icon connects you to a resource document that contains many highly engaging strategies that can be used as effective or differentiated instruction.

Anchor

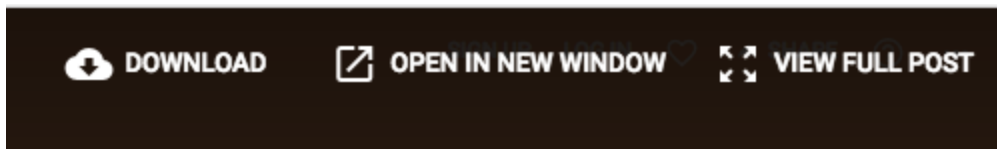

Choice 1. Explore the TLS Management Padlet

You can explore this from any Strategy’s Management Procedures & Expectations page as follows:

At the top on the left of any Strategy’s Management Procedures & Expectations, find this:

Click [this link](#) to access the Management slideshows on the TLS Management Padlet.

Click the words this link to see the TLS Management Padlet Resource. It does NOT open up a new tab unless you specifically do this yourself. Take some time to explore a specific strategy’s management tips here. Click on one of the slides. View the toolbar to notice where to download this slide.

To return to the Management Padlet home page, use the back arrow in the black bar on the left.

1. Which strategy did you explore? _____
2. How might you use this?

To go back to the Toolkit you will need to use the back arrow in the toolbar.

Anchor

Choice 2. Select a strategy that you would like to use and explore it in detail.
