

Nearly 90% of Farmington Public Schools' HOSA students qualify for the HOSA State Leadership Conference

Farmington, MI -- Students from North Farmington High School (NFHS) and Farmington High School (FHS) competed recently at the HOSA Region 12 Leadership Conference and qualified for the HOSA State Leadership Conference.

The HOSA Region 12 Leadership Conference was held virtually on Saturday, December 19, 2020. More than 4,200 Michigan students competed from nine regions in more than 60 health science events. Students were able to compete from the comfort of their own homes to earn a spot in the Top 10 to compete at the HOSA State Leadership Conference. As of now, the State Leadership Conference is scheduled to take place in Traverse City at the Grand Traverse Resort and Spa, April 22-23, 2021.

Farmington Public Schools' Career and Technical (CTE) instructors, Janet Cadeau (FHS) and Amy Donato (NFHS), assisted the following students with their achievements at the HOSA Regional Leadership Conference.

Farmington High School

recognition for secondary, postsecondary, adult and collegiate students enrolled in health science education and biomedical science programs or those who have interests in pursuing careers in the health profession. Check out the national HOSA link at www.hosa.org for more information about this student organization.

Farmington Public Schools boasts one of the largest Career and Technical Education (CTE) departments in Oakland County, with 29 programs and more than 60 percent of the students at each of the two high schools participating in these series of courses. FPS offers its high school students CTE programs designed to prepare them for a broad range of employment and training services, as well as post-secondary education. The programs are state-approved and offered under the guidance of educationally and occupationally certified teachers, counselors, and cooperative education coordinators. The curriculum is technologically up-to-date, the equipment is representative of the "state-of-the-art" in business and industry, and the classrooms and laboratories are of optimum size and appropriately designed. Upon successful completion of a state-approved CTE program, FPS students may use 1.0 exchange credit for Science, World Language or Visual, Performing and Applied Arts credit; or in some cases, a fourth-year Math credit. While each of the programs is not always offered at both of the high schools, students often enroll and travel to another high school to participate in a program.

Congratulations to all of the HOSA Regional Conference student participants! We wish those moving on to the HOSA State Conference the best of luck! To learn more about Farmington Public Schools, visit www.farmington.k12.mi.us.
