

## Download Visualforce Page/Component Code: Privacy Policy

### Overview

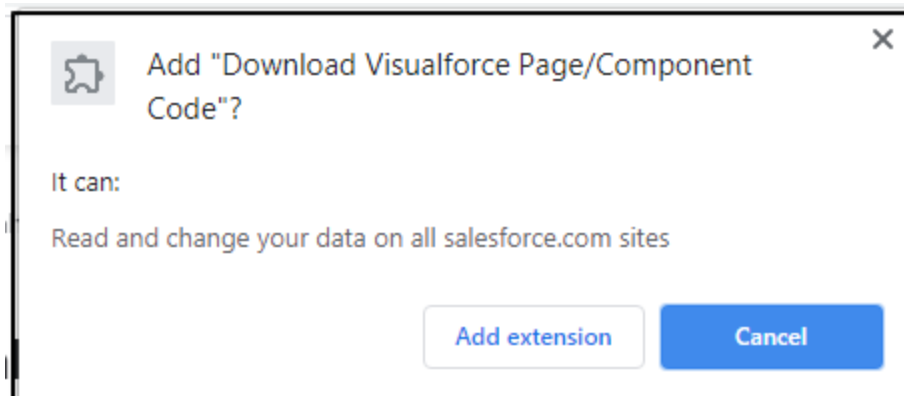

Your privacy is important to us. This privacy statement explains how our Chrome Extension does not store or transmit any of your data.

Whenever you interact with Download Visualforce Page/Component Code extension, your data only moves over the secure connections of Salesforce and your browser.

Satrang Technologies does not store any data and does not transmit any of your data. (Period!)

### A Note About Chrome Installation

When you install the Download Visualforce Page/Component Code extension, Chrome will indicate this general message below.

Please be aware that while Chrome is giving this general message, Satrang Technologies does not store or transmit any of your data. In our chrome extension, we are not reading or writing any of the Salesforce data. Specifically, the extension only reads the generated HTML (Code), and then it prepares & downloads the page/component code out of it.
