<u>Silver Friends Performance Proposal</u>

This service learning (SL) day, we Saints will be able to make a difference in the lives of elderly in the Kim Seng community by offering them our time, companionship, friendship and respect.

We will have a chance to

1. be **Community Builders** who actively take actions to enrich others' lives, and strengthen the relationship of Saints and the Kim Seng community.
2. work together with our fellow Saints with a sense of oneness and **Unity** while serving others in their community like the elderly.
3. extend a hand of friendship with **Empathy** to the other communities in Singapore who are neglected by family and society, one of them being the elderly staying in Kim Seng community

Attendees: Mainly elderly (general public may join in too)

Things to take note:
- No explicit songs
- To include segments/features in performance to effectively engage the elderly. (Eg: Get them to join in, sing songs from their era, etc.)
- Everyone in the class is to be EITHER involved in the performance during preparation (props maybe) or on the day itself.
  - Students not performing are to interact with the elderly around

Proposal to be submitted to https://dropitto.me/sajc2016jc1sldayp by **20th May 2016, 2359.**
