## TIME CONSTRAINTS:

I do my best to complete commissions as quickly as possible while maintaining high-quality work, but there are a few things to keep in mind about timing:

- ❖ **Complexity Matters:** More detailed or larger pieces will naturally take more time to complete than simpler ones. For example, something like a full-body, full-color piece will take longer than a headshot sketch.
- ❖ **My Current Workload:** If I have multiple commissions or other responsibilities, it might take me a bit longer to get to your piece. I'll always let you know upfront if there are any delays.
- ❖ **Creative Process:** Art takes time! I want to make sure your commission turns out amazing, so rushing through it isn't ideal for either of us.
- ❖ **Unexpected Delays:** Life happens sometimes—whether it's personal matters or technical issues—but I'll always communicate with you if anything comes up that might slow things down.

If you need your commission done by a specific date (like for a gift), please let me know in advance so I can confirm whether I can meet that deadline. Otherwise, I'll give you an estimated timeframe when we start, and I'll keep you updated throughout the process.

## **USES OF MY ARTWORK**

### **Ask Me First:**

- ❖ If you want to use my artwork for commercial purposes (like selling merchandise or using it in ads).
- ❖ For any other use that isn't listed here.

### **Approved:**

- ❖ You can display my artwork for personal, non-commercial reasons (like posting it on social media or your personal website).
- ❖ You can print it out for your own enjoyment.

### **Not Approved:**

- ❖ Using my artwork in cryptocurrency or NFTs.
- ❖ Using my artwork in generative AI projects.
- ❖ Any other use that I feel exploits or misuses my work in a way that doesn't align with my values.

---

## **RESPECTFUL COMMUNICATION**

I really appreciate it when clients are respectful and understanding. Here are some things to keep in mind when we're working together:

- ❖ **Be Cool:** Let's keep the conversation friendly and professional. No need to get aggressive or personal, okay?
- ❖ **Reasonable Requests:** I'm happy to chat about your project and make some adjustments if needed. Just don't expect me to make huge changes without extra compensation.
- ❖ **Pricing:** My rates are right there on my page, so please respect them. If you try to negotiate after we've agreed on a price, it might not go well.
- ❖ **Consequences:** If things get too heated or unreasonable, I'll have to cancel your commission. And if it's really bad, I might just say screw it and fucking block you.

NOTE:

I will NOT take Invoices from PayPal, due to how they completely screwed me over in the past, if you want to pay me, pay me directly.

No ill will to the person who sent me the invoice btw, it was all the fault of PayPal.
