## **Volunteer Background Check**

For the safety of all our staff and students, all volunteers must have a background check on file with the school. These voluntary acts include, but are not limited to, reading groups, driving for field trips, classroom help, and tutoring. The volunteer will incur the cost of the background check which is \$22 and will be billed to the family's FACTS account.

The background check is done through First Advantage. The background check is run through the National Criminal File Plus which comprises a search of the Department of Public Safety for a Motor Vehicle Report and the National Sex Offenders Registry.

Background checks must be completed every three years.
