The Los Angeles Police Department has confirmed that thirty-two year old, Nick Stahl has been reported missing.

His wife, Rose Stahl submitted a report on Monday. She claimed her husband was last seen on Wednesday, May 9th.

Back in February Stahl’s wife reportedly filed papers describing her worry that Stahl may be using drugs. He was also in trouble with the law earlier this year for not giving a cab driver the correct amount of money.

Mrs. Stahl and police believe he may be entangled in Los Angeles’ infamously dangerous and drug-infested Skid Row. Claims have come from multiple witnesses that he has been hanging around there.

Stahl’s wife has taken to Twitter saying, “Thank you for your kind words.” No other comments have been made about her husband’s disappearance.

Stahl has not updated his Twitter since May 1st.
