Research Methodology (18 pt. Bold, 16 pt. Regular text)

This research article is a study (specify the type of research) consisting of the following steps in the research process:

1. Documentary research study (specify the research procedure)
2. Quantitative research (specify research tools, reliability values, sampling methods, population, statistics used in the research, data collection methods, and data analysis techniques)
3. Qualitative research (specify research tools, key informants, experts, collection methods, and data analysis techniques)
4. Action research (specify the research procedure)
5. Research (specify the research procedure)

(Spacing 1 Line)

Results (18 pt. Bold, 16 pt. Regular text)

1. The objective in item 1 found that

.....

.....
.....
2. The objective in item 2 found that
.....
.....
.....

3. The objective in item 3 found that
.....
.....
.....

(Spacing 1 Line)

Discussion (18 pt. Bold, 16 pt. Regular text)

The following is presented as an essay and should be clearly linked to the research findings in sequence:

1. The results from the research objective 1 indicate that..... This is because.....
..... which is consistent with the concepts, theories, and research of.....(citation).
.....
.....
.....

2. The results from the research objective 1 indicate that..... This is because.....
..... which is consistent with the concepts, theories, and research

of.....(citation).

.....
.....
.....

3. The results from the research objective 1 indicate that..... This is because.....

..... which is consistent with the concepts, theories, and research of.....(citation).

.....

New Knowledge (18 pt. Bold, 16 pt. Regular text)

.....
Present the outcome derived from the analysis and synthesis, which can showcase a model or essay format with concise and easy-to-understand explanations.
.....
.....
.....
.....
.....

(Spacing 1 Line)

Conclusion and suggestion (18 pt. Bold, 16 pt. Regular text)

Based on the research findings, the researcher has the following recommendations:

Policy recommendations (for implementation, by whom, which organizations, and how).

1.

.....

.....

2.

.....

.....

3.

.....

.....

Recommendations for the Application of Research Findings
(For Whom, Which Organizations, and How the Findings Can Be
Applied)

1.

.....

.....

2.

.....

.....

3.

.....

.....

(Spacing 1 Line)

Acknowledgments (if any) (18 pt. Bold, 16 pt. Regular
text)

Gratitude is expressed to the organizations, agencies, or
individuals who provided assistance and collaboration in the
research, as well as the sources of research funding and the
research grant number (if applicable) (to be included only in
cases where research funding was received or if the article title
differs from the research, thesis, or dissertation)

(Spacing 1 Line)

References (18 pt. Bold, 16 pt. Regular text)

Research articles should include at least 5 references. All sources cited within the content of the article must be listed in the References section in full accordance with the journal's citation format, arranged alphabetically from A to Z. (References not cited within the content of the article should not be included.) The citation and bibliography format must follow the APA style.
