

Hello there,

It's almost that time when we prepare for the favourite season of the year, Summertime and SISU Africa is ready to give your wards and children a treat.

SISU Africa, an extension of SISU Sports Management UK, is a sports management company that solely focuses on representing, mentoring, guiding and managing athletes that will, in the long run, contribute to the growth of the general African Sports ecosystem. We pride ourselves on finding and providing the right opportunities for emerging young talents.

Every year, we organize summer camp packages for talented boys and girls who love football and are interested in spending their holiday having fun playing football. This year will be no different. We have organized summer camps with two of our partners, **Liverpool FC International Academy** and **Chelsea FC Foundation**, widely known to be two of the best academies globally and have produced some of the best youthful talents in football.

The Summer Camp package promises to be an exciting football experience for kids who want to spend their holiday in Europe and use it to enjoy training in these academies and learn from some of the best youth talent coaches in football. We are offering this fantastic and affordable opportunity to parents and schools interested in giving their wards /children an unforgettable holiday experience.

To learn more about our packages, you can visit our website:

Liverpool FC International Academy -

<https://sisusportsafrica.com/liverpool-summer-camps.html>

Chelsea FC Foundation - <https://sisusportsafrica.com/chelsea-summer-camps.html>

It is noteworthy that the summer camp package is not a scouting opportunity for talents to play with the clubs. However, wards/children with excellent and outstanding skills stand a chance to get good football education and career mentorship and representation from our company, SISU Sports management. This may end in them getting the opportunity in the future to play with distinguished football clubs in Africa and Europe.

If any parents or school is interested in this summer camp package, you can visit our website at <https://sisusportsafrica.com/> to download the forms for your wards/children to register. If there are any questions about our summer camp packages, contact us for more information at +234 901 371 5398, +234 814 377 1445 or the email-info@sisusportsafrica.com. You can also contact our UK Office at +44 7940 565572 or <mailto:info@sisusportsmanagement.com>.

We look forward to hearing from you. Reach out to us today for a holiday lifetime experience like never before.
