

Dear Senator Butler, Senator Padilla and Senator-Elect Schiff:

Thank you for your commitment to the sanctity of every human life. Thank you, especially, for taking a stand for marginalized communities in California and for expressing concern for the suffering of civilians in Gaza, Israel, Ukraine and other places around the world.

We, your California constituents, ask that you use the oversight power granted to Congress to prevent more innocent people from being killed—with U.S. weapons—in Gaza, the West Bank, and Lebanon. Specifically, **we urge you to cosponsor and vote in favor of the six [joint resolutions of disapproval](#) introduced by Senators Sanders, Welch, Merkley, and Schatz on September 25, 2024.**

The resolutions pertain to specific sales of offensive weaponry to Israel that the Biden administration approved in August and do not jeopardize Israel's defensive capabilities:

1. [S.J. Res. 111](#) - 120mm Tank Rounds (\$774.1 million, delivery beginning 2027)
2. [S.J. Res. 112](#) - Medium Tactical Vehicles (\$583.1 million, delivery beginning 2026)
3. [S.J. Res. 113](#) - 120mm high explosive mortar rounds (\$61.1 million, delivery beginning 2026)
4. [S.J. Res. 114](#) - Up to 50 new F-15IA multi-role fighter aircraft, as well as upgrades to 25 Israeli F-15s, plus additional equipment (\$18.82 billion, delivery beginning 2029)
5. [S.J. Res. 115](#) - Joint Direct Attack Munitions (JDAMs) (\$262 million, imminent delivery)
6. [S.J. Res. 116](#) - Anti-jam capabilities on military weapon systems

Each of these sales violates the requirements of the Foreign Assistance Act and the Arms Export Control Act, as well as the Administration's own Conventional Arms Transfer Policy and National Security Memorandum 20 (NSM-20), that arms transfers to foreign countries: (1) be consistent with international law; (2) prevent U.S. complicity with human rights violations; and (3) advance U.S. foreign policy interests. As a result, these sales are illegal under U.S. law and need to be stopped.

1. American weapons are being used in violation of international law.

As Senator Sanders explained in his [JRD Fact Sheet](#), "reliable human rights monitors have documented numerous incidents involving these [enumerated weapons] systems leading to unacceptable civilian death and harm." These weapons account for many of the over 42,000 deaths and hundreds of thousand injuries so far, 60% of whom involve women and children. Israel has also employed [these American weapons](#) to decimate Gaza's [hospitals](#), [schools](#), [critical infrastructure](#), and [residential housing](#), in violation of international humanitarian law. The [Joint Direct Attack Munitions](#) (JDAMs) and [120mm tank artillery](#) alone have been used to kill civilians in densely populated areas in [Deir al-Balah](#), [Jabalia](#) and [al-Mawasi](#) in Gaza, as well as in [al-Habariyeh](#) and [Beirut](#) in Lebanon.

The Administration's own [report pursuant to NSM-20](#) concluded that "it is reasonable to assess that defense articles covered under NSM-20 have been used by Israeli security forces since October 7 in instances inconsistent with its IHL [international humanitarian law] obligations or with established best practices for mitigating civilian harm."

Despite this report and [President Biden's description](#) of Israeli government attacks as "indiscriminate", the Administration approved a \$20 billion weapons sale to Israel in August, adding to the \$18 billion already appropriated by Congress just in the last year.

2. Continuing to provide weapons to the Israeli government implicates the U.S. in human rights violations committed by Israel.

U.S. law is clear—countries that receive U.S. military funding must meet human rights standards or risk losing their funding.

[The Foreign Assistance Act](#) holds that no assistance can be provided to a country "which engages in a consistent pattern of gross violations of internationally recognized human rights." [Gross violations of human rights](#) include "torture, cruel, inhuman, or degrading treatment or punishment, prolonged detention without charges and trial, [...] and other flagrant denial of the right to life or liberty," all acts Israel has committed according to the [ICJ](#), the [United Nations](#) and even Israel's own [human rights experts](#) and [courts](#).

Further, [Section 620I of the U.S. Foreign Assistance Act](#) bars military assistance to states that impede American humanitarian aid. Humanitarian groups have documented how [Israeli forces restrict the delivery of humanitarian aid](#) as over 1,000,000 people in Gaza are on the [precipice of starvation](#) and [suffering](#) from the spread of deadly diseases such as [polio](#). USAID and the State Department's Bureau of Population [independently informed the State Department](#) that Israel deliberately blocked deliveries of food aid and medicine into Gaza. In a October 13 letter, U.S. Secretary of State Blinken and Defense Secretary Austin [admitted that Israel has restricted aid](#), including by "halting commercial imports, denying or impeding nearly 90 percent of humanitarian movements between northern and southern Gaza in September, and continuing burdensome and excessive dual-use restrictions."

3. Ongoing weapons sales jeopardize U.S. foreign policy interests.

The Biden Administration has called for a ceasefire numerous times, but as long as the U.S. continues to supply Israel with weapons, Prime Minister Netanyahu's government has no incentive to enter into a ceasefire deal. To the contrary, Netanyahu has repeatedly ignored U.S. demands and [moved the goalposts](#), as Senators Sanders pointed out. In addition to the decimation of Gaza, Netanyahu's government has [facilitated widespread settlement expansion](#) and [settler violence](#) in the West Bank, in violation of the orders of the International Court of Justice. Israel has attacked Lebanon, Syria, Yemen, Iraq and Iran, effectively threatening to pull the U.S. into a protracted regional war.

The status quo is not working for anyone. In one year since October 7, the [U.S. has sent over 50,000 tons of arms and military equipment to Israel](#), an average of 2 arms shipments per day. The use of these weapons by the Israeli government has not achieved any of its stated goals of dismantling Hamas, freeing the hostages, and bringing more security to Israel. To the contrary, everyone in the region is less safe, [including the Israeli people](#).

It is time for Congress to use its oversight powers and do what 61% of Americans, including [77% of Democrats](#) and 62% of Independents, want—stop sending more weapons to Israel until Israel implements a ceasefire and ends the occupation of the West Bank and Gaza.

We urge you to be part of the solution. **Uphold U.S. law, protect civilians, cosponsor and vote in favor of the Joint Resolutions of Disapproval on the Senate floor.**

Sincerely,

I SEE ZIONISM AS AN INSULT TO THE MORAL VALUES OF JUDAISM. THE HOLY LAND SHOULD BE A SAFE HOME FOR ALL PEOPLES WHO WANT TO LIVE THERE.
