

****Enter Date****

To the parent or guardian of: _____

The mission of Fountain-Fort Carson School District 8 is to ensure that each child receive an optimum educational experience. Our district recognizes the need to identify students who demonstrate a potential for exceptional performance. Based on assessment data and/or classroom teacher observations, our educational team would like to request permission to administer the Differential Ability Scales (DAS-II). This assessment would provide us with essential information to better meet the educational needs of your student. This assessment will give us information on how your student thinks, reasons, and problem solves. Our teachers will use this information to challenge your student academically.

The assessment will be given individually to your student. There is nothing the student must do to prepare for this assessment. The test administrator will work with your student's classroom teacher(s) to ensure your student will not miss critical class time. Upon completion of the assessment, results will be shared with you and your student's teacher(s). We believe this information will be very helpful in meeting your student's academic needs.

If you have any questions about this assessment, please do not hesitate to call. Please complete the attached form and return to the school office.

Sincerely,

Student's name: _____

Parent or Guardian's name: _____

Date: _____

My student, _____, has permission to
be given the Differential Ability Scales (DAS-II) for the purpose of
identifying cognitive strengths.
