

Quick Reference Guide

Zoom

Summary: You will be introduced to the following:

- How to create an account
- How to set up a class meeting Zoom link in LearningHub
- How to create the class recordings to show up in a Class recordings folder in LearningHub automatically
- How to develop break-out rooms
- How to create polls

☐ How do I create an account	Zoom is a video conferencing application where you can sign up for free. Even if you are getting a Pro account, you should sign up before you email dlit@andrews.edu. To create your account, simply log in with SSO and your account will be automatically created. If you are not a current student or a current or recently employed faculty or staff, you will not be able to log in using SSO. Some adjunct faculty are not able to log in with SSO either. If this is the case, email dlit@andrews.edu to receive a link to set up your account, and then you should be able to login using Google.
☐ How do I set up a class meeting in Zoom	How to: Using the app - Click on the Zoom App - Click on Schedule - Fill out for a meeting - Click Save - The meeting invitation will open in your preferred email - Copy the meeting link      https://andrews.zoom.us/j/95518249242 Using the website (zoom.us) - Go to zoom.us - Website 

	• Log in • Click on Schedule a meeting • Fill out the meeting details ○ Topic: Put in the acronym, number, and semester for the course ○ When: The first time you will be meeting ○ Put in the length of time for the course ○ Click on Recurring meeting ○ Chose the recurrences ○ Select the Video On for Host and Participant ○ Set the other options for your choices (record meeting, add alternate host) • Click Save
