EXPERIENCE

[Founder \(Startup\)](#), Remote— *Frontend Lead*

SEPT 2024 -PRESENT

As the Founder and Frontend Lead of a collaborative project management startup, I spearheaded the development of the app's frontend architecture using React, creating an intuitive and user-friendly interface. I worked closely with backend developers leveraging NestJS to ensure seamless integration and optimal performance. In addition to leading UI/UX design efforts, I managed the entire product lifecycle, from ideation to launch, focusing on feature prioritization, user testing, and scalability to meet growing user demand.

[Freelance](#), Remote— *Frontend Developer*

MAR 2023 -PRESENT

As a passionate front-end developer, I craft user-friendly and responsive web applications for diverse clients. Leveraging my skills in modern frameworks like React and Next.js, I focus on delivering high-quality code that enhances the user experience. I take pride in transforming design mockups into fully interactive features, ensuring they work seamlessly across different browsers and perform optimally. Collaboration is key in my work, so I often team up with backend developers and project managers to create smooth and efficient workflows, driving the success of every project.

[freeCodeCamp](#), San Francisco, USA— *Technical Writer*

MAR 2023 -PRESENT

I create technical documentation and articles that help learners of all levels to develop their skills in various programming languages and technologies. By leveraging my expertise in technical writing, I distill complex concepts into clear and concise language, ensuring that readers can easily follow along and apply what they learn.

[Bejamas](#), Wrocław, Poland— *Technical Writer*

JULY 2023 - OCTOBER 2023

I produce technical articles that cater to the diverse needs of web developers worldwide. In my role, I explore emerging trends and

SKILLS

JavaScript, TypeScript, React, NextJS, Firebase, Supabase, Strapi, Redux and Redux Toolkit, SCSS, GIT, TanStackQuery, Zustand, TailwindCSS, GitHub, CSS, Framer Motion, Gsap, and Technical Writing.
