Dear Students and Families of Enrico Fermi School 17,

We are excited about the 2020-21 School Year soon to begin and hope you are all healthy and safe. I know that we have had many unexpected and continuous changes around us, but please know that your teachers are all looking forward to connecting with you soon.

The first day of classes is **Monday, September 14, 2020** beginning at 9:00 a.m. All students are expected to attend school remotely for the first ten weeks. The decision will continue to be reviewed by officials until there is a specified date to return. There will be a full day of learning activities planned from **9:00 a.m. to 3:30 p.m. each day**. Students will spend some time with teachers for live instruction and some time working on their own. We will be expecting to connect with you each and every school day!!!

We are creating the **School 17 Remote Learning website** where you will be able to find all the information that you need for your child's learning each day: bit.ly/17eLearning. All links to student schedules, virtual classrooms, and resources will be organized through this page.

You can also use a smart camera to scan this code ?

We will be hosting an **outdoor Meet and Greet** event in the School 17 yard by the gymnasium so that you can pick up learning materials and meet your teachers. Due to restrictions related to social distancing and maximum attendees, ***please stay within your timeframe for visiting.*** Due to health regulations, we are not be able to accommodate "drop in" pick up or office visits. If you require an alternate time, please contact the main office to arrange.
