“Hello, everybody. As you may know, Statistic-Dime handles several of the most well known surveys in the community, such as the MicroWiki General Survey, and other projects like Microcode and Micronationalist of the Month. In our tradition of repeating surveys annually, I am pleased to announce the 2021 Micronational Organisation Survey. Participants are asked to rate several notable organisations from 1 to 5, with 1 being the worst and 5 being the best. The survey has been out for about half a day, so far, and has already amassed nearly 50 responses. I encourage you all to vote!

Sincerely,
