Additional Information

The above information is for guideline purposes only as we always aim to tailor treatment plans to individual dogs. Additional dogs must be of the same family. The times above are all “up to” and are dependent on the confidence, health and ability of the dog. Owners may swim with their dog(s) during maintenance or fun swims, this must have advance agreement from our senior hydrotherapist and the correct clothing must be worn.

Please see our full terms and conditions prior to booking.
