

Viking's Daughter v0.18.0 Patch Notes

Animation

- NSFW animation scene with Astri
- NSFW animation scene with Agatha
- More combat animations for NPCs (sword and shield)

Models

- Viking tent models where Agatha is located
- Folkvang houses, barn and other new models to make it look more like a village
- New male Viking model (work in progress, it could be found on the docks)
- New warrior models

AI

- We made the enemies AI from scratch as well as the target detection systems
- Better navigation and hit detection

Others

- Swimming is finally a thing, you will also be able to boost yourself up in order to climb on top of objects in the water (like ships)
- Accepting a new quest gets automatically tracked on the map, even if you already have an active quest (you can change it from the quest log at anytime by pressing "J")
- New quest from Astri including 2 tasks
- New dialogues
- Underwater effects improvements

Bugfixes

- Fixed beach texture intensity
- Fixed weapon upgrade quest failing to register progress if you interact with the workbench before the task is active
- Fixed a bug where the quest progress wasn't tracked if you died.
- Fixed Dalla elf ears and nipples during her animation scene
