- [Cradle-to-Career System](#)
- [Child Care Access Means Parents in School Program](#)
- [Student Parent Joy](#)
- Comment from attendee: Inspirame.com partners with community colleges to help parents navigate college- get them to and through with the proper support. We can also ensure they know what laws have been passed to ensure these resources are made available. We are data focused and always looking to partner to help end generational poverty through educational attainment- that is why we are so focused on CA Community colleges- they are are our gateways.
