

Creative Commons Certificate Shared Assignments: January 2022

This template is for you to post links to your assignments if you would like to share them publicly. This is optional.

- Note: these assignments are not necessarily vetted by facilitators. You are welcome to use others' work as inspiration for your own, however, there is no guarantee the assignments shared earned full marks. You are always welcome to revise your assignments and upload the updated versions once you have received facilitator feedback.
- To add your work: 1) add a new row for your entry by right clicking on the row below an assignment heading (if there is not a blank row already available); 2) select the option to insert a row below, 3) post your name, the title of your work, a link, and the license of your work.
- If you accidentally delete anyone's work, please click the "undo" button at the top left of the page.
