

MY RESPONSE

MY RESPONSE.

For an introduction, I'm Vixxen/shrimpy. I am one of the many sun.vii's Ex Online kids.

I will share my own experience with sun.vii here. I do not wish for anybody to attack sun.vii or anyone who was actually involved,. Please do not go out of your way to harass anyone said in my response, as I said before thankyou.

THE HARASSMENT.

Not too long ago, One of my friends found out for me that sun.vii has blamed me occasionally,kept bringing up my name several times saying I have been getting my friends to "bully him"

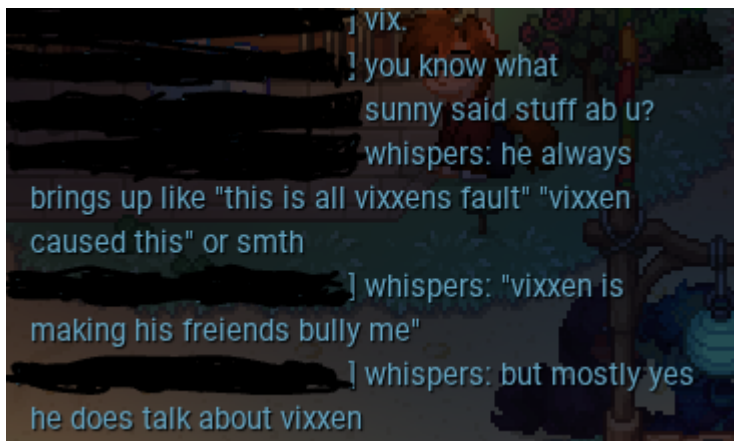

The truth is, I ragebaited him one time, because at that time I found out again that he had been bad mouthing me. I left things be for quite a while after that said incident.

I never "got my friends to bully him" , yes I told them about how bad his actions were, I don't control the things that my friends do,Myself.

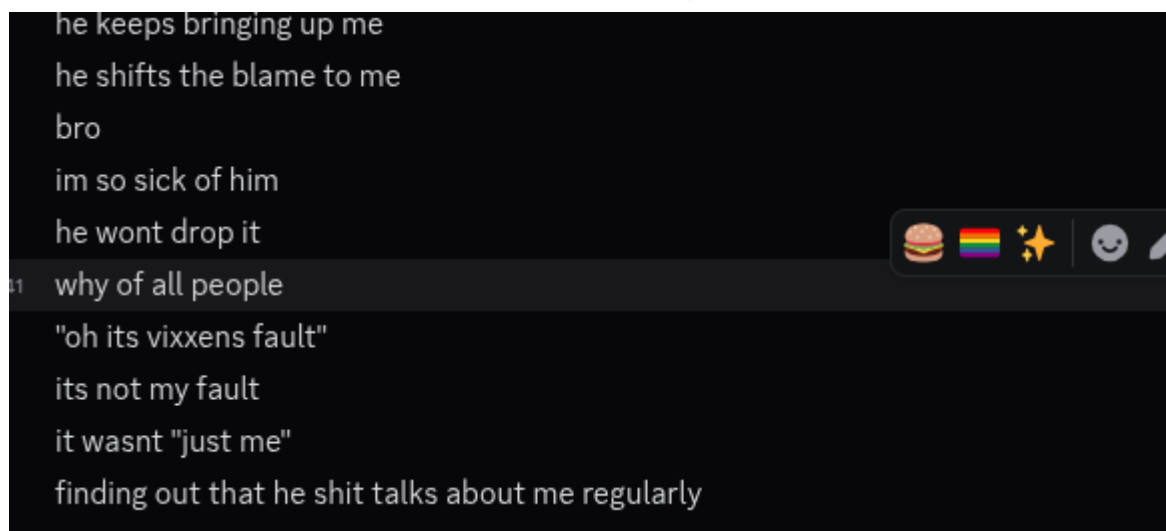

As I said in the first paragraph of him bringing up my name in conversations, when I did find out, I was

upset, because not only did he do that, but he also said about my partner too. Which yes, It did get me mad, because the drama was almost a year ago now, and he still brings up names of people, Including me, to this day.

(I will not say names for their safety)

Don't mind the reaction emojis)

This is where when I found out,It lead me into a slight panic . (I was 15 at the time, before I turned 16 around August 17th this year.) right now, sun.vii is 17.

situation & document

When I was “getting in drama” with a crk cosplayer.

After the whole crk cosplayer stuff after I told them I didn't want to c+h, it went badly for them so my partner had to step in, but sun.vii did too, even if I wasn't on good terms with them at the moment.

To put it lightly, my gf got uncomfortable that sun,vii barged into that talk with the crk cosplayer, I didn't really think much of it, but I did understand how my partner felt, because none of that should have got sun.vii involved, we didn't want sun.vii stepping up at that after we were in a drama with them.

Here's the original document about his actions. As said, do not harass anyone involved with this document below, (I didn't participate in the doc below)

 Sunny's behavior.

sun.vii if you're reading this.

Sun.vii , if you're reading this.

I have, and will say again. To stop bringing up my name in public, do not bring my partner into this either.

I have said twice already, yet you still do it occasionally when you can. I heard you constantly do it. I thought you moved on but if you're actually bad mouthing me and others involved too in fact, it just proves that you haven't moved on at all.

Please prove that you have changed first. And stop bringing my name up , I know you still probably would, but please respect my boundaries because i've warned twice for you not to bring me up, or anyone else, don't think about pulling my partner into this either, she has the right to tell me what's going on if you said/did something bad.

Thank you.
