Food Waste Collection Program

Morning Announcements

#1

Good morning_____

Now that we're back on school remember that our cafeteria has a green container for you to put your food scraps in! Remember, these containers are for food, and only food, so make sure you unwrap everything you plan to eat. Thank you for being responsible!

#2

Good morning_____,

This is a reminder to separate your food and trash at the table before you stand up. Once that is done you can easily put food in the green bin and trash in the gray one. Then, don't forget to stack your tray!

#3

Good morning_____,

Recycling our food waste is reduces the amount of waste going into the landfill and helps keep our planet healthy! Recycle your food in the green container to get turned into something new. Let's close the loop on food waste recycling!

#4

Good morning_____,

This is a reminder to recycle your food waste in the cafeteria! Sort your food from its wrapper and place it in the green bin. It's good for our planet, and it's the law!

#5

Good morning_____,

Did you know that 40% of all food made in the U.S. is thrown away? Let's recycle our food instead! Look for your green food waste bins in the cafeteria. Every scrap of food that you recycle protects our Earth. Let's all do our part!

#6

Good morning _____,

Did you know recycling your food waste helps make the Earth a greener, and healthier place to live? So, use your cafeteria's green bins for your food scraps. Separate your food from your trash at the table, and keep our planet healthy.

#7

Good morning _____,

Next time you are in the cafeteria, remember to separate your food from your *before* you get up to throw it away. Put your trash in the gray container, your food in the green container, and stack your trays!

#8

Good morning_____,

Care for your planet at school by recycling your food waste in the cafeteria. Show how much you care and put your food into the green container. Food and only food goes in the green container; everything else goes in the trash.

#9

Good morning_____!

Recycle your food in the cafeteria today! "If it *grows*, it *goes*, into the green container"! So things like your apple cores, banana peels, or popcorn kernels, can all go into the food waste. Anything else is trash.

#10

Good morning _____,

When you throw your food away, you are really throwing away the time, money, and energy that it takes to make that food. Let's not let all those things go to waste; eat your food! But if you can't eat it all, make sure that your food, and only food ends up in your green container.
