

Fight or Flight...or Fuck?

You, a knight, are tasked with retrieving the missing princess. She has been kidnapped by a hydra and you have finally located the hydra's tower. You burst in ready to fight, but the monster is...not quite what you expected. I mean you knew it'd be huge, hydras *are* supposed to be 15 feet tall. But you weren't expecting it to wrap its tail around you and render you useless so quickly. There's no way you can fight it. Luckily, it offers you a challenge of sorts. Will you succeed and escape with the princess or will you both stay trapped in the hydra's tower?

Includes: [TM4A], [Hydra speaker x human knight listener], [Size difference (it's 15 feet tall, 30 feet long)], [Monster anatomy (tail, 2 heads, scales, claws, forked tongues)], [Restrained (via tail)], [Challenge (let it do whatever it wants to you for 30 minutes, if you manage not to cum you can take the princess!)], [Grinding against its tail], [Oral], [Penetration via tail], [Forced orgasm], [Body betrayal], [Listener orgasm], [You're both stuck with it forever :)]

Pet Names: Little one/thing, fragile/helpless/delicate, pet

Body Parts: body, between your legs, sensitive parts

Misc: It has two heads (hydras regrow an extra head when their head is cut off, I know they're supposed to start at 6 heads, but I like the idea of a hydra starting with one head and someone unknowingly cutting off the head not realizing it's a hydra, so I did that). It refers to itself as we/us (except when one of the heads is giving you head in which case the head talking refers to himself as I). // It's implied that you're in love with the princess, up to you if that's true but the Hydra certainly thinks it is. I did consider making it the prince so the genders matched but it just didn't feel right, so I left it as the princess (also I'm personally bi so that's not something I think about, but I know some people are only into men so sorry but also it's not confirmed if you really love her but the hydra's fucking her and wants some sort of poly situation with you both). Also the hydra isn't even a man so idk if it really matters.

Mmm what have we here? Are you lost, little one? [laughing] Look at you stumbling backwards as we begin to move, uncoiling our tail, lifting our heads, four yellow eyes blinking at you. Did we blend into the shadowy wall in the dim lighting? You didn't realize how big we are until we moved, huh? [laughing] Look at you trembling as you clutch your sword. Are you here to kill us? With that pathetic little blade? [pause] Oh I see, you're here for the princess. What makes you think she wants to return with you? [pause] Perhaps she wants to stay with us. Would you force her to leave if she doesn't want to go? [pause] (sarcastic) Well if it's your job. We wouldn't want you to get in trouble with the royal family. Go ahead then, fight me. [slithering

sfx, laughing] Effortlessly scooping you up in our tail as you charge at us, your sword clattering to the ground. Mmm, look at you struggling as our tail wraps around your body. [sigh] You humans are all the same, determined to fight your way out of anything, even an impossible battle like this. Each thinking *you* will be the one to win. Not a single human has ever succeeded. Only one came close, took our head. I don't think they realized we're a hydra, the fear on their face when two heads grew back [laughing]. Cutting off a hydra's head only makes it more powerful. Tell me, do *you* know how to kill a hydra? [pause] Then why are you here?

Your job is to retrieve the princess. Killing us isn't the only way to get her back. [sigh] You humans are so stupid. You *could* use your words. Maybe you should've tried asking us nicely. [pause, laughing] It's too late for that, little one. But we'd be happy to negotiate. Do you have anything we might be interested in? [pause] We don't want your sword, it's practically a needle to us. [pause] Can't think of anything? [pause] Fine. We'll help you out. Hmm, what do we want? We already have a castle, all the gold we could ever want. And now we have the princess. She's quite fun to play with. [chuckle] Starting to thrash against the smooth scales of our tail again, does that make you jealous? Thinking about us touching your precious princess? (sharply) Don't try to twist it, she's the one who wanted it. She asked to feel our scales, she wanted to grind on our tail, she begged to cum on one of our forked tongues. [laughing] My, my, you're getting quite warm. Are you becoming aroused thinking about it? Imagining your princess moaning for us. Or perhaps you want to *be* her. You want to know what our tail feels like between your legs. [pause] No? We don't think that's true, little one. We can smell your arousal.

Hmm, we have an idea. We have a challenge for you. If you win, you get to take your princess—assuming she wants to go with you. If you lose, you're both stuck with us. (gleefully) Forever. [pause] The challenge? You let us do whatever we want to you, touch you however we please. If you can last 30 minutes without cumming, you win. If you cum, you lose. [pause, chuckle] You *can* just fight us. Or if you really don't want to do either, we're willing to let you go. You can walk out of here empty handed, return to your kingdom and tell them you failed. [pause] We didn't think so. So what'll it be, little one? Are you up to the challenge? Or would you rather fight? [chuckle] That's what I thought. Look at that clock, I can't have you saying I cheated. What time is it? [pause] Mhm, good. Your 30 minutes begin now.

[chuckle] not wasting any time, adjusting our tail to wrap around your legs as one of our claws reaches toward you, [fabric ripping] tearing through your shirt effortlessly. Onto your pants [slithering noises, fabric ripping]. There we go. Ngh, you have an incredible body, so soft and delicate and small, just like the princess. Look at you shivering as our tail winds around your body, smooth scales against your bare skin. [chuckle] We can actually feel you relaxing into our grip. Is the pressure of our tail coiled around you comforting? Almost like a nice, warm hug. As much as we would love to hold you, we do have a challenge to get to. Mhm, can you feel the tip of our tail tracing up your leg. You can't help but let out a gasp as our tail slides all the way up to

your sensitive parts, beginning to stroke you. [wet sfx begin] Does that feel good, little one? Do you think you're going to last 30 minutes? [laughing] We'll see about that. Just look at how turned on you are. Pleasure building between your legs as we press our tail more firmly against you, using the coils around your body to help rock your hips against us.

You just can't help the moans escaping your lips, huh? Are you starting to understand why this is a challenge? Why the princess enjoys this? Do you really think she'll return with you if you win? Wouldn't it be more fun for you both to stay here? Imagine her in front of you, her body pressed against yours as you both grind against our tail. Mhm, you'd like that, wouldn't you? Don't lie to me, I can feel how your body reacts against my scales. You've started rocking your hips against us on your own. [chuckle] You didn't realize that, did you? No need to stop, little one. You can grind against us all you want, just don't cum. You can control yourself right? Enjoy the pleasure, indulge in it without cumming. You can enjoy these 30 minutes as long as you don't cum. There you go, unable to stop your hips from moving against us, pressing your sensitive parts against our smooth scales. Such a good pet. Mhm, do you like being called pet? Then perhaps you should fail, cum for us, that way you can be our pet forever. We'll take care of you here, just like we've cared for the princess. We'll keep you safe, make you cum. You'll enjoy it here.

And you'll get to be with her. Your princess. [pause] What do you mean she's not yours? [pause] You're just a knight? What does that mean? I'm afraid I don't understand your silly human ideas. You came after her, didn't you? Came all this way to fight us and rescue her? And you expect us to believe that you don't love her? That it's just a mission? [pause] We don't believe you. Not with how your body reacts when we talk about her. How turned on you got imagining her here with you, grinding against our tail. You want her. Just think, you could just give in and you could both stay with us forever. She didn't exactly mention you before, but I'm sure a lifetime together as my pets would change things. Just imagine, us and you and the princess here in my castle living such a simple, happy, life together. No kings and queens ordering you around. No silly ideas that knights aren't worthy of princesses. Just us, keeping you safe, cuddling you in our tail each night, helping you cum each day. It would be so lovely, wouldn't it?

Your body's relaxed fully into us. We know you want it. Why don't you just give up. [pause] Fine. You're a knight, you can't just give up. You'll lose fair and square then. We'll make you cum. It's only been about... 10? minutes. But we could step it up a little. Ngh, how about we show you what a hydra's tongue can do? [chuckle] Listen to you whimpering as my other head makes its way between your legs. You want it, don't you, little one? Our deal was that we can do whatever we want to you, but we want to make sure this is okay. So use your words. Tell us you want this, you want one of our heads between your legs, using one of our long forked tongues to make you feel good. We need to hear you say it. [pause] Ngh, good. [oral begins, chuckle] Does

that feel good? Our tongue is so long, huh? So big compared to a tiny little human like you. And it's forked. The princess says she's never felt anything like it. That's why she doesn't want to return to the castle, because no human could ever compare. Judging from your moans, it appears you feel the same.

You can't even answer me, too lost in the pleasure to form words. That's okay, pet, you don't need to speak. You just relax into our tail, and we'll do all the talking. It's nice isn't it, the fact that we have two heads? We can use our tongue on you and still talk at the same time. Hm, I suppose we could also give you and the princess head at the same time! That would certainly be fun. [chuckle] It sounds like you'd like that. Or perhaps that's just your reaction to the tip of our tail sliding between your legs once more, brushing against your entrance. You may be a mess, but you haven't cum yet, and there's no way we're letting you win. So we're gonna fuck you, too. Mhm, just relax as my tail presses inside you. The tip isn't too thick. The princess takes it so easily, we know you can too. Just breathe and focus on my other head. On the tongue lapping between your legs, sending pleasure coursing through your body. Every flick of the forked tongue against you brings you closer to the edge, doesn't it? Mhm, there you go, your hole is starting to relax around my tail, taking me deeper and deeper with each thrust. Almost as deep as the princess. You've only got like 3 more inches. [chuckle] I suppose that's a lot bigger to a human than to a hydra. You already feel so full, huh? Three more inches aren't gonna fit. We'll have to work on it. We'll make it fit one day.

But for now, this is more than enough. I can feel you clenching around my tail, did I find that spot? The princess taught me about it, the sensitive bundle of nerves humans have inside them. She always turns into such a mess when I keep rubbing my tail against that spot. Just like you are right now, an incoherent helpless little mess, suspended in the air by my tail, legs held apart, the tip filling you, stretching you out so well as my tongue continues to work you. The pleasure is starting to overwhelm you, huh? You can't help it. It's just so much stimulation. You're gonna cum. That's okay, little one. You can cum whenever you need. That way you seal your fate. You get to stay here with us and the princess. Grinding against my tail while you kiss her could be reality, not just a fantasy. All you have to do is give in. You can barely even resist it anymore. Even if your will to last wasn't worn down, your body can barely control itself. You're not gonna be able to hold back much longer. I can feel the way you're tensing up with my tail wrapped around you. You're trying so hard, but you can't help it, you're too delicate, too sensitive. You're gonna cum. [chuckle] Yeah, just like that, cum for us, human. Mhm, yeah cum on our tongue, let us taste you. Ngh that's it, let it all out, gotta work every last drop of cum out of you. Mhmm, there we go.

[laughing] So, you lost. Look at the clock. Tell us, how long has it been? Mhm, that's right. 20 minutes [repeat this with 15 through 25 minutes just in case editing] You weren't even close to a whole half-hour. Aw, it's okay, little one, humans are just too helpless compared to

hydras, you can't help it. Besides, your princess doesn't need saving. For the first time in her life she's happy, here, with us. Come on, we'll take you to her. You can see for yourself. Here I'll set you on my back. [heavy, thudding footsteps, chuckle] Relax, you don't need clothes. Yours are tatters now. Besides, she doesn't wear clothes much anymore. She prefers having her body available for us to touch her whenever we'd like. But perhaps you should fix your hair. You're looking a little...disheveled. And you've got a bit of dirt on your cheek. Here, let me find you a mirror. You want to make a good first impression on her, right? That way she likes you, and we can all live happily ever after in my tower. [thudding footsteps fading out]
