

Good Afternoon Dr. Rebecca.

I love how you shaped your unique Instagram page to showcase your profession. However, I've identified subtle adjustments that can significantly boost your sales, and no it's not using discounts or other conventional tactics.

Using Email and Long-Form Copywriting techniques, I can leverage human psychology to drive customer engagement and sales.

I'm taking two clients, and I'd like your business to be one of them. My services are completely free. With a simple request for a testimonial once we achieve outstanding results. Please note that this offer won't be around for long.

If this interests you, Let's connect and explore how I can help your business grow. Your success is my priority.

Best regards,
Kenneth Sarfo
