

Guitar Club E208

Our club aims to support Mountain Ridge High School by pushing aspiring musicians to reach their goals and have the opportunity to express themselves through a musical standpoint in a safe space with other like-minded musicians, all while improving their musical abilities. We will have a friendly environment that encourages musical growth for people interested in our hobby. Collaboration will be a massive focus at every meeting. We believe that it is important for musicians to grow off of each other and have a system that will help keep them motivated to play guitar.

We meet every Wednesday after school between 2:20 and 3:20

It is recommended that you bring your own guitar. All guitar types are welcome. This is not required but heavily recommended.

Mrs. Gilham, E208, for more information.
