

WAAG (Week at a Glance)

May 11 - May 15, 2020

Stavely School Mission Statement

Together with the community, we strive to provide students a safe, positive, and caring environment to promote individual life-long learning.

Check out **Bees@Schools** [website](#) to learn more about solitary bees (Ms. Blumhagen's research projects topic). In Grade 4 we were going to track **food and habitat** in the school yard and instead I will be posting updates on our [class site](#) of this bee nest in my backyard. You can also find access to resources here if you are interested in exploring solitary bee habitat in your own backyard!

Grade 4
